- Guru Gobind Singh Ji

Guru Gobind Singh Educational Society is an autonomous organization set up by the pioneering efforts of the Sikh officers of Bokaro Steel Limited, registered with the Government of Bihar in April 1979. The Society and the schools are named after the tenth Guru of the Sikhs, Shri Guru Gobind Singh. The Guru was born at Patna in Bihar in 1666 and ordained Guruship at the tender age of nine after his father Sri Guru Tegh Bahadur, the ninth guru was beheaded in Chandni Chowk, Delhi at the orders of Emperor Aurangzeb. The ninth guru attended for safeguarding the religious rights of the Hindus during the Mughal regime. Guru Gobind Singh brandished his sword against evil and injustice. He carried out his work from Anandpur Sahib, Ropar, land of his deeds and action. He had a unique personality. He was a scholar, poet, and a warrior, a prophet and a military genius. His writings compiled in Dasam Granth are poetic masterpieces. He organised the Sikhs into Khalsa Panth and gave the institution of Guruship a permanent and abiding character by vesting it in the immortality of the Granth and in the continuity of the Khalsa Panth. He breathed his last at Nanded, Maharashtra at the age of 42 in 1708.

From the Vice President's Desk

It is aptly Said that the feel and touch of paper and ink are irreplaceable , so , with immense pleasure, I am delighted to bring you our latest edition of "Oracle" .

It seems unfathomable that almost a year has passed by that the first case of Covid-19 was detected and the world was spiralled into a global pandemic. However , judging by the past experience, humanity has always turned a setback into a comeback, and I am certain this time as well this would be the case.

In the moment of chaos and panic there were those who rose like phoenixes and came forward to prevent and protect our society from disintegrating . Apart from doctors, nurses, pharmacists and policemen, there were also some unsung heroes in the battle against the corona-virus. Our 'Unsung

Heroes' are our teachers, who picked up the mantle and rose to the occasion to do their part of the service . When schools got shut our heroes decided that learning should not stop at any cost. So, forward they marched with full pace and overcame all the hurdles by quickly adopting and adjusting with new technologies. They turned their bedrooms into classrooms, their dining tables into workstation and equipped with right technologies as the weapons they took on the enemy to ensure that learning must not stop.

This edition of Oracle is dedicated to all those educators who sacrificed their sleep, time and comfort just to ensure that the flow of knowledge should not stop at any cost.

Shri Balbir Singh
Vice-President, GGES

From the Secretary's Desk

"Plants are shaped by cultivation and men by education" We are born weak, we need strength; we are born totally unprovided, we need aid; we are born stupid, we need judgment. Everything we do not have at our birth and which we need when we are grown is given to us by education. Develop a passion for learning; if you do, you will never cease to grow.

Thoroughly in sync with the essence of these felicitous words, students at Guru Gobind Singh Public School, Bokaro are fondly nurtured to kindle their innate spark making them life long enthusiastic learners. Our School has set bench marks not only for academic brilliance but our students are also profusely imbued with strong value system enabling them to become responsible citizens of the society. A continuously

updated curriculum nicely blended with age appropriate co-curricular activities help our students to become integrated personalities besides maintaining the perpetuation of our cultural legacy under the capable mentorship.

Guru Gobind Singh Public School primarily intends to nurture the shelved potential in students providing an ideal platform for them to channelize their creative outbursts and lend expression to their thoughts and views on various aspects in serene manner.

Our institution believes that the purpose of education is to turn mirrors into windows, and as such are focused not only on pure studies but also on providing opportunity to each student to explore his or her capabilities and their area of interest - Curricular, Co-curricular or Extra curricular. We aim to develop soft skills that will equip them to manage and lead the varied opportunities and challenges of the society with an added edge.

We foster a positive spirit and believe in partnership between students, parents, teachers and support staff, striving to create a milieu that sustain excellence. Our distinction lies in the pursuit of high academic attainment through support, encouragement praise and motivation.

I cannot teach anybody anything, I can only make them to think with open mindedness, a multicultural orientation, independence, a global outlook, multiple intelligences and abilities. These are the premium qualities needed today. The school desires to set an approach to learning that incorporates inquiry, research, analytical thinking and an ethical approach.

A joyful schooling experience depends on the excitement, delight and happiness of the learners to go to school everyday.

Shri S.P. Singh
Secretary, GGES

**Never take a writer

They are snipers

They Know

With enjoyment and pleasure, we put forward the next dynamic piece of creativity, freedom, self expression, enthusiasm of our year's work in our Annual School Magazine 'Oracle' which is an amalgamation of the year long work of talented souls along with, the blend of unique taste from each one who has contributed for this magazine.

Helen Keller rightly says that the world is moved along not only by the mighty shoves of its heroes, but also by the aggregate of the tiny pushes of each honest worker. This herculean task of editing this school magazine would not have been possible without the sincere support of the members of the Editorial Board who sorted out the articles from the flood of articles we had got from our enthusiastic and inquisitive young writers, edited them and finally made a fair draft of them. I am thankful to all any colleagues who dipped their Oars into the turbulent water of the journal and have sailed it to the shore of publication.

It is a fine thing to have ability but the ability to discover ability in others is the true test. I am really thankful to our respected Principal Sir for entrusting me with the responsibility of being a part of the Editorial Board. I take this opportunity to thank all the dignitaries for sparing their valuable time to send their best wishes for the magazine in the form of 'messages.'

I heartily wish all the readers, my best wishes and hope this Souvenir will enjoy your critical acclaim and prove itself to play a vital role in the all round development of the children.

With gratification, we put forth the next synergized piece of creation 'Oracle' our Annual School Magazine ; an assemblage of the literary contribution by our students, teachers and glimpses of our journey through this wonderful academic year.

'Oracle' is our effort to etch the beautiful memories of our students. The literary articles reveal the potential and the hidden talent of our students as well as teachers. I appreciate and thank everyone associated with 'Oracle' for rendering their endearing love and support and hope this association continues for a life time.

Every school is a store house of creative minds. Each and every child is born with a spark of creativity in them. When the endeavor had been started to promulgate the issue of this year's school magazine. I could decipher our children's creative inner blank. Our children yearn the empirical experience to express their creativity in a fine language and it's our responsibility to propel them into the realm of imagination.

To an extent, we are successful in providing such an atmosphere to our children. I presume that our whole hearted attempt to ignite the spark of creativity in our children has been fruitful. Our efforts are really a way to unleash their creativity.

I express my gratitude to our esteemed Principal Sir for his enduring faith in me and entrusting the task of putting this wonderful journey together through 'Oracle'. His unconditional support and guidance has always acted as a catalyst to bring out the best in me as an individual.

I hope this venture of ours will find a special place in the heart of the readers, wishing everyone great success and a synergistic life!

The Saga of the School

**The task of the modern educator
is not to cut down the jungles.....
but to irrigate deserts;**

With these thoughts in mind, We, the team of GGPS, Bokaro, stand before you with a lot of confidence and hope, innovative thoughts and SMART actions and commitment to work and accountability for the learning of our students.

We, very clearly, define our roles and responsibilities to meet the 21st century needs, as we know.

Learning is not the product of teaching;

It is the product of activity of learners;

I wasn't born to just Teach;

I was born to inspire others;

To change people and to never Give up;

Even when faced with challenges;

That, seem Impossible.

This is the oath that always remind us of our role as teachers, facilitators, trainers, counselors and educators.

I take immense pleasure to present this factual document of our school to appraise you all, how the mission and philosophy of Guru Gobind Singh Public Schools Bokaro have materialized positively in the day to day working of our school since its inception and has placed itself, extraordinarily, in the voyage of the discovery of excellence in the field of education.

Guru Gobind Singh Public School, Bokaro was established not only to facilitate the region with a good school, but at the same time it had better aims and objectives. It aspires for a noble cause.

THE JOURNEY AS WE MOVE FORWARD.....

With the completion of 42 years of our journey together, we have travelled on the rough roads , met challenging incidents and crossed various targets. We have reached this point in time to announce the success stories we gathered as the various learning experiences which taught us to become more effective and efficient. Lot of lovely memories in this journey of learning with our beloved students, friends and colleagues that tickle our hearts which make us feel immensely happy and proud.

SCHOOL OBJECTIVES AT A GLANCE :

THE PHILOSOPHY

A lot of brainstorming opened ways in designing the school to develop it as a support system to achieve our goals –be it the unique and aesthetic architecture, beautiful landscaping with CBSE curriculum, quality teaching and learning programmes, ergonomically designed digital classroom and furniture and the overall vision of mission and philosophy.

This required for foresightedness and thus the journey began with the school deliberately taking the path which was 'less trodden' with the aim to bring in innovations to make the school life enjoyable, satisfying and complete learning experience for the students.

We have made great efforts to lay foundation to introduce and import quality education in the school. We have been extremely successful in most of our endeavors.

The culture keep us bonded...

Apart from preparing the children to qualify for purely academic demands, special efforts are being made continuously to enable them to face the challenges of the competitive world.

It's a matter of great importance to us that the students who pass out from our institution should carry forward the culture they have inherited, imbibe values that are practiced in school, excel in whatever they do and be role model in the society.

So the thoughts started shaping into planning.

Plans started moving towards actions and actions started showing their result to create such a learning environment which was really interesting and exciting to students, passionate and loving to the teachers and get on board in their journey in the school.

Amicable Environment...

The school is a place to showcase the elegance of learning. A place to enjoy being together and where enduring learning happens through a lot of fun , curiosity and enthusiasm.

The infrastructure of the school is fully equipped with massive and aesthetic building structure, well ventilated and spacious classrooms, digitally equipped learning methods, green meadows, play pen, activity rooms, swimming pool, basketball court, cricket net practice area.

Labs and libraries, display boards to help visual learning and many more that your children experience with lot of enthusiasm and curiosity with Safety of the students being the utmost priority. Approx 200CCTV cameras are installed all around the school. To keep the whole campus under safe surveillance. The school is lit during the nights too, for safety.

All these helped us to achieve a lot and move forward collecting success stories through the journey

HOLISTIC DEVELOPMENT IS OUR VOICE

The execution of an event ,celebration, performance, improvement, interesting learning experiences, sharing and caring, health and fitness awareness programmes, games and sports and systematic academic approaches is all just possible only with the presence, involvement and commitment of the key partners of the school, the teachers and a very equal participation of all of you, dear parents, in the learning at home. I definitely feel that this is the time to show all our gratitude and the heartfelt

thank to the school management for making all our dreams come true. In every step we take in the school process and procedures.

THE CURRICULUM

With immense support for a meticulous execution the school made a conscious decision to implement the CBSE curriculum in the school as it provides for National Benchmarking and standards...per excellence in content, delivery, assessment and professional development of the faculty.

We religiously follow the latest teaching learning methods to make the classroom learning more interesting and enduring. We tailor made the teaching learning methods to be culturally sensitive, to identify learner's strengths and limitations. Support learning and development and can suit individual learner's needs.

CENTERS OF LEARNING

The classrooms are transformed to become learning hubs to be lesser on teacher- led venues....more on activity based learning and much more as students-led teaching learning methods....

The Science and Math labs are set for an effective use as and when the curriculum demands....and being put into use for grades III to VIII....

The Computer lab has been utilized for multiple purposes like computer science lab and English Language lab....

Library has been more equipped with interesting and relevant books for the students....

Music and Dance rooms positively vibrant with lovely music and elegant dance performances every event or celebration at school had beautiful presentations from the students.

Multipurpose Hall has been a great resource to conduct meetings, orientations, teacher training session, workshops, events and celebrations.

The sports programme helps us in identifying talent in particular sports and give more exposure to the students to develop a child, physically, morally, socially, mentally and to some skills in co-scholastic areas.

Basketball tournament....Volleyball tournaments were organized and conducted. We have conducted fun games and different sports competitions for different events in the school....

OUR METHODOLOGY....OUR PRIDE

Teaching and learning aids are prepared by the teachers themselves which focuses on customised learning.

Well –structured lesson plans and activity planners to match the academic calendar of the school, are the supporting tools for a perfect weaving of the academic programme.

An activity based student centred classroom culture, continued to take its priority as was in the previous academic year too.

So efficiently, we are so excellently we facilities learning.

Well trained and experienced teaching fraternity to meet all the above expectations of the school.

Effective, experienced and compassionate teaching team is our strength. They are the pillars of support to implement the above said methodologies and their experience in dealing with enormous energies of the students add flavor to our vision.

Our teachers have shown a growth graph in performance attitude and behavior of the students in a very short span. This speaks immense trust that would give more feathers in our cap.

OUR CHECKPOINTS....

Class tests as check points, worksheets for concept reinforcement, weekend homework, apart from the regular schedule of homework, tiny projects, holiday assignments have become a part of our academic planning and implementation schedules.

With all this grooming happening on one side, we all were very well cautious to follow the academic calendar, complete portions on time, give sufficient revision of the concepts taught and conduct assessments.

The prior knowledge tests at the beginning of the academic year, Spell Bee and Olympiads, periodic tests and term wise assessments, competitions and competitive examinations undertaken as scheduled.

Assessment rolled on as per the CBSE patterns, we conducted review meets.... to analyze the student's performance, as open house.

Target threshold was wound around the performance improvement of the students.... Students identified their own targets in every subject and together we worked to achieve the same....

Learners improvement programme was designed to meet the students who needed help to improve in their academics and for those who did well and needed to be groomed better.

The students of the subject enrichment group were trained to face the Olympiads and competitive exams.

We have gained a lot of confidence as the students of the learner improvement group improved from the existing level of performance upwards.

We are fully equipped with the brains full of knowledge, compassion and dedication...

Teacher training programmes were organized and conducted from time to time to rejuvenate ourselves and update us with the changes in the teaching methodologies and curriculum framework.

New teaching techniques were introduced as a part of upgrading ourselves to meet the dynamic students and address their multiple intelligences.... Experimental learning, flipped classrooms, blended learning, innovative lesson planning, creative teaching resources, etc....

Students who excel in co-curricular and sports activities are congratulated for their success, patted for their performances appreciated for skills and motivated to perform the same way in their classroom learning too. The personal care that the teachers show towards their students in the classroom and outside have improved many students in different areas of expertise like spellings, handwriting, reciting mathematical tables.

As a part of learning in co-scholastic areas, we have art and craft, music and dance, literary and cultural competitions conducted throughout the year.

With the school focus on academics, we expect that all our students will benefit greatly from these well rounded programmes.

EVENTS AND CELEBRATIONS OF SCHOOL

We believe that there is a purpose behind anything and everything we do in the school....

Whether it be classroom activities, events and celebrations, field trips, competitions, exhibition day, Independence Day or Childrens' Day, Sports Day, Annual Day, School Assembly, Parents Day, Investiture Ceremony, Community Helpers Day and many other events that rolled on during the year....

All these are executed with a purpose to inculcate and develop patriotism, understand all religions, build their character and prepare for 21st century skills....

There are many more events and learning activities that we conducted in school , which you all are aware of with pics that we were sharing with you from time to time.

The possible outcomes in performing all these would definitely be positive attitude, public speaking skills, self-confidence, leadership qualities and many many more....

AS WE FORGE AHEAD....

All of us will definitely remember that we have a long way to go and have many milestones to cross.... many more success to be achieved....

I thank all the positive souls around us with a lot of gratitude.

If you are walking down the right path

And you are willing to keep walking....

Motivating the people around you

To walk with you the right way

Whatever are the challenges that come the way....

Towards the end, I thank the supportive management whose continuous support to our ideology of education has enabled the school to come this far. Teachers and the entire staff members also deserve applause for their tireless efforts in implementing the route map of imparting quality education here. I also extend my heartfelt thanks to the parents of our students who have shown unflinching faith in us by giving us the profound opportunities to transform their children into truly useful citizens of the future world

School Foundation Day

GGPS Bokaro celebrated 41th Foundation Day with pomp and show in its premises.

It is an enormous giant tree, propounding its influence, expanding branches of its records ,providing shade of education to thousands manufacturing future citizens, enlightening and igniting many minds and carving the future flag bearers of our country was originated from a seed of resolution of Sikh community with a desire to vanish ignorance with the light of knowledge and this seed was sown on the very destined date of 7th July,1979. From then only, to serve our nation, this tree is producing sweet fruits in the form of human resources in various fields. The name Guru Gobind Singh Public School, Bokaro is not given to a specific land or area or any infrastructure or a heap of bricks and cement. It is the name given to a vast family consisting of so many aspirants in the form of present students and so many achievers in the form of alumni and commanding staffs of it.

If we turn over the pages of history of the journey of Guru Gobind Singh Public School, Bokaro you feel proud to see the achievements written with the ink of determination, dedication. When GGPS, Bokaro plays, contenders get filled with enthusiasm, become excited to jump on the ground and play with us. When the GGPSIANS of Bokaro sing and dance, other cannot help keeping their feet to mix with others and enjoy our notes and beats. When GGPSIANS, Bokaro speak even a layman dislikes losing concentration from our speech. Such an eye lock and ear lock impression we have on others. Many a times GGPS, Bokaro has represented itself in district Zonal and National level of various fields. Whether it is sports or academic,we set example for others to follow.

On the very occasion Mr. Tarsem Singh, President GGES, assures that the soul of Guru Gobind Singh Ji and Guru Nanak Dev Ji resting in heaven will be full of contentment after watching their disciples playing a vital role in forming an undefiled society. Teacher's Day

Teachers play a major role in making their students responsible citizens of tomorrow and good human beings. It is impossible to imagine our lives without teachers. They are the cornerstones of our future. We can never thank teachers enough for their immense contribution in a student's life. Teacher's Day is celebrated to show acknowledgement and recognition of the hard work put in by the teachers towards their development.

Guru Gobind Singh Public School, Bokaro celebrated Teacher's Day very exuberantly on 04th September, which is well known as Dr.Sarvepalli Radha Krishnan's birth anniversary who was a great politician, philosopher, educator, inspirer and a great teacher.

Students always look forward to Teacher's Day with a lot of anticipation, for the sheer spirit of the occasion. By celebrating the occasion they get a fair idea of the responsibility, so efficiently handled by their teachers. It requires a lot of hard work and dedication to be a good teacher and earn the affection of students at the same time. Teachers on this day are reminded of their school days and feel nostalgic.

A teacher's purpose is not to create students in his own image, but to develop students who can create their own image. Teachers have a great mission to ignite the minds of the young. The ignited minds of the young are the most powerful resource on the earth, above the earth. The role of the teacher is like the proverbial 'ladder'. It is used by everyone to climb up in life but the ladder itself stays in its place. Teacher's Day is celebrated to pay tribute to teachers, Who have dedicated a considerable part of their life to impart moral and academic knowledge to their students.

If you think you dare not, you don't!
If you like to win, but think you can't,
It's almost a clinch you won't!
If you think you'll lose, you're lost!
For, out in the world we find.
Success begins with a fellow's will;
It's all in the state of mind!
If you think you are outclassed, you are,
you've got to think high to rise
You've got to be sure of yourself
Before you can ever win a prize!
Life's a battle doesn't always go
To the stronger and faster man,
But sooner or later the man who wins
Is The Man Who Think He Can !*

MY HERO

My hero doesn't have any special power,
Because he doesn't fight
My hero doesn't have any wings,
Because he doesn't fly
My hero doesn't have any special costumes,
Because any hero doesn't like any other hero
My hero is different from any kind of super creatures
My hero is just an ordinary human being
My hero makes me smart
My hero changes my future
My hero makes me know something
Because my hero is a teacher!

A POEM FOR MOM

You are the sunlight in my day,
You are the moon I seen far away.
You are the tree I lean upon,
You are the one that make troubles be gone.
You are the one, who taught me life,
How not to fight, and what is right,
You are the words inside my song,
You are my love, my life, my mom.
You are the one, who cares for me,
You are the eyes that help me see.
You are the one, who knows me best,
When it's time to have fun and time to rest.
You are the one who has helped me to dream.
You hear my heart and you hear my screams.
Afraid of life but looking for love,
I'm blessed for God sent you from above.
You are my friend, my heart, and my soul.
You are greatest friend I know.
You are the word inside my song,
You are my love, my life, my mom.

THE INCREDIBLE HIMALAYAS

The Himalayas, the abodes of snow,
Truly the ranges where Gods reside.
Sun keeps crawling across the peak
with gorgeous beauty beckoning the climbers.
Hillary and Norgay took no rest until
they reached Mount Everest.
There were others who scaled the peaks
And many who could never reach
Nangaparnbat, Kanchenjunga, Mount Kailash....,
Just a few peaks.
Ganges and Indus, Mekong and Yangtze....
those perennial sources of civilization.
Pangong Tso Guru dongamer Manasarovar....
Lakes galore.
Himalaya's panoramic views
Invite us all to behold and rejoice .

Winners versus Losers

THE WINNER IS ALWAYS A PART OF THE ANSWER
THE WINNER ALWAYS HAS A PROGRAMME
THE WINNER SAYS, "LET ME DO IT FOR YOU".
THE WINNER SEES AN ANSWER FOR EVERY PROBLEM
A WINNER MAKES COMMITMENTS.
WINNERS HAVE DREAMS.
WINNERS SAY, "I MUST DO SOMETHING"
WINNERS ARE A PART FROM THE TEAM.
WINNERS SEE POSSIBILITIES.
WINNERS SEE THE GAIN

THE **LOSER** IS ALWAYS A PART OF THE PROBLEM
THE **LOSER** ALWAYS HAS AN EXCUSE.
THE **LOSER** SAYS, "THAT IS NOT MY JOB"
THE **LOSER** SEES A PROBLEM FOR EVERY ANSWER
A **LOSER** MAKES PROMISES.
LOSERS HAVE SCHEMES.
LOSERS SAY, "SOMETHING MUST BE DONE"
LOSERS ARE APART FROM THE TEAM.
LOSERS SEE PROBLEMS.
LOSERS SEE THE PAIN.

Law of Success

There is no more dangerous person
Dangerous to himself and to other than
The person who passes judgment
Pretending to know facts.
To love praise, but not worship it, and fear
Condemnation but not go down under it,
Is evidence of a well balanced personality
The person who sows a single beautiful
thought in the mind of another,
renders the world a greater service than that
rendered by all the fault finders combined.
There is no lazy man. What may appear to be
a lazy man is only an unfortunate person
who has not found the work for which
he is best suited.
Congratulate yourself when you reach that
Degree of wisdom which prompts
You to see less of the weakness of others and
More of your own, for you will then be
Walking into the future of really great.

The Reflection

The reflection in the window stares back at me,
As I look out, pre tending not to see.
And as that ghost in between illusion and reality,
He has no bravado nor vanity.
The reflection in the window stares back at me.
The glass, separating this illusion and that reality,
The portal to a surreal version of an insatiable me,
Its transparency transcending that imageny.
A mirror reflecting my own deepest passion,
A self obsession that to the blood is poisonous.
The Reflection in the window smiles back at me,
As I walk away from it, it ceases to be.
The Reflection follows me.

ON THE COUNT OF TEN

Now close your eyes and don't speak,

Close your eyes and listen,

One, Two, Three.

Now open your eyes and look for me

And have you are, clutching my,

Dress, my hair, my hand,

Four, Five, Six.

It's my turn and I've seen you,

A girl in expensive age,

Paid for with memories.

Seven, Eight, Nine.

Now we've caught each other,

We'll hide behind the grandmother's tree,

Once the sun's kissed you awake.

Ten- you fall asleep.

Eleven -you let go of me.

Twelve - I fall too.

I can count the guns so more,

I close my eyes and listen,

And hear the silence you pulled me into,

Close your eyes and listen,

And I will sing you to sleep.

Music

Music is in my blood

Music is just not a couple of words arranged to make pleasant combinations of sounds-it's a different language a language that's there inside every person It's a language that gets both, the singer and listener so involved that they forget their surroundings when listen to music, we're in the world of own fantasy created by music. Music has no boundaries It can be sung by an American, Indian, African-anyone who enjoys and appreciates music. It can be of any genre- rock, pop, metal and melody or any language- English, Hindi, Punjabi, Spanish when it comes to music the horizons are as vast as the universe! Music has the power to connect the world to connect people from across the different Continents, Countries, States, Cities, Districts who speak different languages, have different cultures, follow different religions. Music can play an imperative role in our life-a person cannot always be judged by his mannerisms or speaking skills, but his choice of songs can speak a lot about him. Each person will have their own collections of favorite songs. But the song most dear to them can keep changing with changes in their life. Life never fails to surprise us ... and so does music. I am sure there's a song for each one of you out there....

Like I said, the right song can do a lot to you

It can make you cry like you're never cried before

It can make you happiest person on earth...

It can make you fall in love

It can clear your mind

It can depress you and console you and at the same time

And also forget and forgive

There is no end to what music can make you feel

Trust me

cuz I've felt it

And you will too

DAZZLE SCHOOL

Step in time and step in style,
Bearing all the while a beguiling smile;
Dress neat and nicely pressed,
But your mind fully obsessed,
With only the subject of the day
To keep all doubts at bay.
Stand tall and trim in the hall
And survey at once students all;
As you speak and move,
Let your eyeballs rove,
So every student feels noticed,
All through the lecture practiced.
Let high pitched be your voice,
To suspend the surrounding noise;
Blessed by the sublime soul of Socrates,
Ask searching questions, to test and tease.
Wandering and ogling eyes beware.
To refrain listening and escape your stare,
Check them all with questions galore,
To make them all, ponder and pore;
Stand not a statue on the stage,
Nor pace like panther in a cage;
Appear smart and neatly dressed,
Bear a smile and not be depressed;
A dull and melancholy mood,

Makes no teaching good;
Write on the board with clarity,
Albeit it is a rarity;
With many a joke to please the folk,
Slow and then let a humour stroke;
Make your lecture lovable as a song,
And the notes kept as a treasure for long;
Speak the language with flawless flow,
Unto the audience a countenance glow;
Raised and noble is they rendition,
Trade not that high tradition;
Ordained by Almighty to teach;
Is a chance to empower and preach;
Nothing better is there to beseech,
Allow not people to impeach;
With your pedagogy profound
And knowledge deep and sound,
Struck with an awe extreme,
Let them develop great esteem;
Giving the calling a godly grace
And desist from a mercenary race;
With will and pleasure bring light and cheer,
To all the students, oh dear!

HOPE HOLD ON PAIN ENOSH

Briefly visible above the vapour,
Gathering the last of the light.
Smoke mingled with mist
She walked down the deserted path.
Swirling through the misty scenes, her
thoughts
Seeking the broken remnants of her yester
droughts
With nonchalance colouring the scenario grey
She stood still as the words echoed back.
Pulling her deeper into the eerie dark
Her sorrow reflecting back in shattered bits
Orphaned and abandoned, she walked the
alley
Solitude enveloping the tiny Evangeline
Her life, a desperate note
Where one could scribble up a pile
Her life, a twig
To bend and then break
She cannot but hide, skin, hair and all
With no words her lips can claim
In the wilderness with her bare feet
She glanced up to see a sea of stars

In the midst of silver studs, a silver ball
Destiny as some calls it, merely looked on
For it had no words, than that of a silent
witness
As her life was circled on, to the bitter worse
of typhoon
There were no trees to call her down
With swishing sound of leaves
In the placid, soft wind
These pale cheeks, those dilated eyes
Is not for the world at large to see
Where a living soul dare not venture
From the wicked glint of mean eyes.
Wandering quite alone, she might seek
solace
For she like the lost beauty
Of a picked flower
Fears no further mutilation.
Like all worldly lives, hers too had to go down
Only to emerge up, into a bright new
beginning
Because for every setting sun.
There awaits a breaking down.

THE FACE

They cast my belongings into the flame of tyranny
 And I become a helpless spectator among the many
 Watching the blaze scattering broken identities.
 Shattering dreams and memories to the wind.
 The smoke reducing our existence to numbers
 Closing the chasms of past forever
 As the ashes twirl in the snow,
 I stand seeking an absolution that would never come
 And then amidst the gloom and withered bloom,
 The cold stares the forlorn faces
 I catch a fragile glimpse of serenity
 Outshining the barbed wires and drab skies
 Her hair shimmering with pearls of snow in the moonlight,
 Eyelashes like fluttering wings on vague crimson tide
 Gazing at the night sky
 And in those starry eyes I find a flicker of hope
 She looks at me, her snow kissed lips mustering a
 Brave blissful smile
 A smile hardly there
 Gone before I can smile back
 The crowd pushed me and I move forward
 Losing her in the sea of faces.

VALUE OF TIME

To realize the value of ONE YEAR, ask a student who failed a grade.
 To realize the value of ONE MONTH, ask a mother who gave birth to a premature baby
 To realize the value of ONE WEEK, ask the editor of a weekly newspaper,
 To realize the value of ONE HOUR, ask the lovers who are waiting to meet.
 To realize the value of ONE MINUTE, ask a person who missed the train.
 To realize the value of ONE SECOND, ask a person who avoided an accident.
 A minute now is better than a minute later!
 Treasure every moment!
 Yesterday is history. Tomorrow is mystery!
 Today is a gift. That's why it's called the present.
 KNOWING IS NOT ENOUGH; WE MUST APPLY
 WILLING IS NOT ENOUGH; WE MUST DO.

NATURE

The roar of waves; the whistle of tree,
An angel came disguised as the golden sunbeams.
Was it a dream or is it true?
The beauty of the field covered with hue.
That's when I entered a world completely new!
The nature engulfed me in its embrace,
Rubbing away all the worries from my face.
The intoxicating aroma of beautiful flowers drove me insane,
The melodious chirping of birds filled up my hollow space.
That's where my heart and soul found solace!
I briskly walked out of my regularly hive,
Realizing that sprouting out of me was a new vibe.
I could see the rhythmic dance of plants,
I could feel the magic of nature of nature's wand.
That's how I satisfied my fatal wants!
The birds were flying at great height
Which was undoubtedly a nostalgic sight.
The shining stars were a masterpiece of nature's art,
And the blooming flowers marked a new start.
That's what succeeded in winning my heart!

WORK IS WORSHIP

"Whatever you do do it diligently as if not for humans but doing it for the Lord"

Every human has to work to fulfil his goal. He lives in the society where he has to work. Without work his existence is not possible. We worship God to receive his blessings, therefore we should also work to get God's blessings. It is heavenly bliss. Our lives are full of struggles and challenges and we can only overcome them through hard work. Till the day we die, we have to work, only through work we can achieve success in life. We should be happy to do the work assigned to us and try to deliver the best output. This moment will bring satisfaction, pride, pleasure, confidence and positivity towards work. It is our first and foremost duty to work not only to keep ourselves busy but also to learn our livelihood. If everyone works in a country, the nation gets strong. There is no better way to please God than to work hard.

MOTHER

Mother, O Mother!
Nothing can be similar,
Nothing at par,
Mother is a mother, just a mother.
Whether she is mine or
She is yours,
It doesn't matter.
Mother is a mother, just a mother.
The feeling we share, the love and care.
She has the power,
Her touch with love and emotion,
It removes all corrosion.
When we fall in grief or in great pain
She is there to save us from being insane
Mother O mother !
Now you are in me
And I feel like you,
Wherever I go I find no one
Who can heal like you.

LONELY

I wandered lonely as a cloud
That floats on high o'er vales and hills,
When all at once I saw a crowd,
A host, of golden daffodils;
Beside the lake, beneath the trees,
Fluttering and dancing in the breeze.
Continuous as the stars that shine
And twinkle on the milky way,
They stretched in never-ending line
Along the margin of a bay:
Ten thousand saw I at a glance,
Tossing their heads in sprightly dance.
The waves beside them danced; but they
Out-did the sparkling waves in glee:
A poet could not but be gay,
In such a jocund company:
I gazed—and gazed—but little thought
What wealth the show to me had brought:
For oft, when on my couch I lie
In vacant or in pensive mood,
They flash upon that inward eye
Which is the bliss of solitude;
And then my heart with pleasure fills,
And dances with the daffodils.

Teacher - a man of mission and vision

The glory of teachers has been sung in many holy books, couplets of Kabir Das, etc. They have been revered since ages and are given position equivalent to God. But in this era of technological revolution, online platforms are believed to take teachers' place but is it possible? No. Thankfully the online platforms can't provide answers of all the queries. Why?

Because.....

" A person may be aware of his destination but may not be aware about the path he should take to reach there."

So, a teacher acts as a bridge between the destination (education) and the person (educand) as the availability of a path-introducer makes the journey easy and efficient. He introduces the path one should take to reach there where he intend to. He is the facilitator who facilitate students with theoretical as well as practical knowledge, builds character ,inculcate national and social sincerity, instil discipline and etiquettes and inspire them to love learning. The inspirational power of a teacher can transcend the classroom and make it a better place. From designing jet to making supercomputers, the highest brains who accomplish these great works surely have a group of very dedicated teachers in the past who fed the willingness to do something out of the way in their minds and hence resulted in creating histories one after another. They infused them with anxiousness to find the different mysteries of life and related things followed by numerous discoveries and inventions. So who took them to that world of extreme thinking? Teachers indeed. Education is a perseverance in which the devotion is two-sided, the educator devotes himself to enlighten the mind of the educator with knowledge whereas the educand devotes himself to earn that and use henceforth.

They are instructors whose concise instructions never fall prey to any foreign occurrence. They always come up with ultimate instruction and guidance which indeed never fail to influence learners in any circumstances. No matter whatever crucial turn their professional and personal life take, they leave that at the doorstep and enter the classroom with hope to enlighten and satisfy various minds. They are answers to many anxious souls who quench learners' thirst with their enormous sea of

knowledge. They not only pass on the education from one generation to the other but also equip them with culture, values, discipline, modesty, etiquette, etc. These valuable yet essential qualities help the educand to lead life eminently. But to achieve this, the learner should definitely believe in his instructor and follow his footsteps to reach the destination by overcoming many obstacles. As in absence of an appropriate bridge it seems impossible to connect two places likewise a dedicated-

inspiring teacher's absence makes the learner to roam endlessly in the darkness of ignorance without reaching there, where he should be.

ADOLESCENCE - AN AGE OF STRESS

Adolescence is the age when an individual becomes integrated into the society of adults. This integration into adult society has many affective aspects more or less linked to puberty. In today's complex societies, our adolescents have to face lots of pressures. It may be termed as the age of stress and storm. Throughout the childhood, their problems were met out and solved in parts at least by parents or teacher. Now all of a sudden they are left independent.

Besides all these physical and emotional pressures, there are social changes which in turn aggravate the pressures. Adolescence is called the period of religious doubt. Many adolescents investigate their religion as source of emotional and intellectual stimulation. There is an increased peer-group influence. Many a times just for the 'group conformity' and 'status symbol' adolescents are likely to engage in false adult practices like drinking, smoking and gambling.

Many adolescents feel that their parents do not 'understand them' and that their standards of behaviour are old-fashioned. They label it as 'generation gap' and 'culture gap'. They have to face lot of pressure because of frictional relationship.

Though there are numerous pressures but with individual competencies an adolescent can make it a memorable stage and the transition becomes easy.

THE GLOBAL WARMING

Global warming is a major issue in today's environment. It is the phenomenon of increasing the average temperature of the earth's temperature. It is caused by the increased volume of carbon dioxide and other fossil fuels released by the burning of coal, practicing deforestation and different human activities. Global warming leads the glaciers to melt, changing the climatic condition of the earth and causes different health hazards as well. It also invites many natural disasters to earth. Flood, drought, soil erosion, etc. all are the effects of global warming which indicates imminent danger to our life.

Though there are different natural causes, Human being is also responsible for global warming. The increasing population wants more and more resources from the environment to make their lives easy and comfortable. Their unlimited use of resources is making the resources limited. In the last decade, we have seen lots of unusual climatic changes in the earth. It is thought that all these changes are caused due to global warming. As soon as possible we should take measures to control global warming. Human activities such as deforestation should be controlled, more and more numbers of trees should be planted to control global warming.

SELF LOVE

"You can search throughout the entire universe for someone, who is more deserving of your love and affection than you are yourself, and that person is not to be found anywhere. You yourself, as much as nobody in the entire universe, deserve your love and affection."

- Gautama Buddha

People aspire to be perfect and perfectionist, is considered a greater asset or attribute than self love. When we talk about self love, it is easy to picture someone reading self – help books or hugging a tree; but self love is much more than that. Many people mistakenly believe that self love is the same as narcissism, or having a big ego.

Oxford English Dictionary defines self love as- "Having a high regard for our own well being and happiness." Self love means taking care of your own needs and not sacrificing your well being to please other.

Love yourself doesn't mean that you think you're the smartest or the most talented. Instead, when you love yourself, you accept your so called weakness, appreciate these so called short comings, as something that makes you who you are. When you love yourself, you have compassion for yourself.

Self love simply means to fully accept and allow your true, natural self. It means to embrace the unique being you are and fully express the unique energy that represents the very care of your being.

"To thine own self be True"

- Shakespeare

Importance of Self Love :-

- Self love allows one to fill in the gaps between oneself. No one has a better understanding of one's innermost thoughts and needs than the same person do.
- Self love motivates one to make healthy choices in life. When anyone holds himself/herself in high esteem, they're more likely to choose things that nurtures their well being and serve them well.

- Greater life satisfaction

When we love oneself more, we instantly change our perspective towards the world. Self love can give us a more positive attitude towards life.

- Without self love, he/she drastically decreases his/her ability to be successful at anything.

Failed business, relationships, ideas all stem from a lack of self love.

How can you love yourself :-

Love yourself is to be in awe of the miracle of your existence. It is about knowing your values and your boundaries and honoring them. It is about being kind to yourself. It is about looking after – your mind, your body and your spirit- all the three.

It is about knowing you are worth it, not because of what you have achieved or what you look like or what other things of you but because love is your birth right no matter what.

Take a moment to think of those things you most need to hear from others, whether it be that they love you, admire you, accept you just as you are, appreciate you, forgive you or anything else. Take a piece of paper and write them down. Make sure to exhaust your list. You will find what you most need to hear from others are the what you most need to tell yourself. You now have positive affirmations shaped for you. Repeat them everyday morning and night and include them in your creative visualization sessions. You'll soon enjoy a sense of self love and inner peace that you never had before.

As a result, Self love forms the foundation of your single, most important relationship- that is with yourself. The strength of all your other relationships is exactly equal to the strength of that foundation.

"Once the shadow is embraced, it is healed. And when it healed, it becomes love."

Whatever it is,

My father appreciated my dance a lot,
I practiced hard, be it cold or hot,

I was a part of Bharatnatyam,
We made it a fab with no beat of drum!
I practiced a lot over the last few months,
For that, we had to give up many games and
hunts!

I was wearing a yellow dress,
All because the pink one was no less than a
mess;
The event began with lightning the diyas
Of mental and clay.
And was carried on with many songs,
Dances and one play.
This was the best annual day, I've ever had,
This time, we truly had gone mad!

ANNUAL SPORTS DAY

"Today was a very exciting day for all.

Maharaja Ranjit Singh Stadium was filled with kids big and small.

Yes, You guessed it right, it was the Sports Day of
the primary section of our school.

All the kids in their costumes were looking so cool.

The March Past was done before the Fun Races,
we were sitting in our tent with our smiling faces.

In March Past, the 'Dhart House' had won.

They sat down in their tent after they were done.

The yoga displayed students' clothes were green and white.

They sat on their mats under the shining sun light.

The Relay Race took longer time.

I sat inside my tent and ate my sweet lime.

I had been selected for the Fun Race.

I came first and crossed the finishing line.

Theme of my Fun Race was lemon and spoon race.

It lasted too long and did not end till noon.

In parent's race, my mother did not win.

She wore a badge attached with a pin.

The sports day was quite interesting and full of fun.

I congratulated my friends who had won.

THERE IS A LONG WAY TO GO

There is a long way to go,
There is a long way to go,
It is not just as you think
IT is not as narrow as the thought of the
myopic Indians,
There is long way to go;
It doesn't matter if you're alone
It doesn't matter if you're in the crowd of
whole constellations,
It just doesn't matter what your current
situation is,
You've to be as strong as diamond, because,
There is long way to go.
It's true you can't change your envelope,
It's true you can't clean the dirt of this society,
The only thing you can is,
To wake up as a 'lotus' from those muddy
muds, because,
There is a long way to go;
What stops you pretty girl?
Are they the barriers of this uncultured society,
Are they the fence of an unfertiled land,
Are they the weeds of a dirty stagnant water,
Whatever it is,

You've to overcome all this _____ discoveries,
There is a long way to go;
There must be no reason to hate yourself,
There must be no reason to curse yourself,
Since, each n' every person is unique,
You've to just explore yourself,
Because,
There is a long way to go;
If those barriers stops you,
Unfollow it and leave!
If those fence stops you,
Jump over it and leave!
If those weeds stops you,
Unwind it and leave!
Because,
There is a long way to go;
You have a long way to go,
You have a long way to go,
It was not just as you think,
It was not just narrow as the thought of those
myopic Indians,
There is a long way to go...

“बेटी बचाओ”

सामाजिक सन्तुलन को बनाये रखने के लिये, समाज में लड़कियाँ भी लड़कों की तरह महत्वपूर्ण है। कुछ वर्ष पहले, पुरुषों के मुकाबले में महिलाओं की संख्या में भारी गिरावट थी। ये महिलाओं के खिलाफ अपराधों के बढ़ने के कारण था जैसे: कन्या भ्रूण हत्या, दहेज के लिए हत्या, बलात्कार, गरीबी, अशिक्षा, लिंग भेद-भाव आदि। समाज में महिलाओं की संख्या को बराबर करने के लिये, लोगों को बड़े स्तर पर कन्या बचाने के बारे में जागरूक करने की आवश्यकता है। भारत की सरकार ने कन्याओं का बचाने के सन्दर्भ में कुछ सकारात्मक कदम उठाये है। जैसे : महिलाओं की घरेलू हिंसा से सुरक्षा अधिनियम 2005, कन्या भ्रूण हत्या पर प्रतिबंध, अनैतिक तस्करी अधिनियम, उचित शिक्षा, लिंग समानता आदि।

मेरे प्यारे पापा

उंगली को पकड़ कर सिखलाता,
जब पहला कदम भी नहीं आता ।
नन्हें प्यारे बच्चे के लिए
पापा ही सहारा बन जाता ।

पापा हर फर्ज निभाते
जीवन भर कर्ज चुकाते ।
बच्चे की एक खुशी के लिए
अपने सुख भूल ही जाते ।

प्यारे पापा के प्यार भरे
सीने से जो लग जाते हैं
सच कहता हूँ विश्वास करो
जीवन में वे सदा ही सुख पाते हैं ॥

प्यार की प्यासी बेटी

जो वाणी थी मेरे लिए,
जिसके लिए मैं जी रही थी ।
जो कहे हम साथ है तेरे
जिसे सुनने के लिए तड़प रही थी ।
एक ऐसा ही दीदार चाहिए
बस मुझे मेरा प्यार चाहिए ।
आने से जिसके फूल भी शरमा जाए,
चलने से जिसके हवाएँ भी थम जाए ।
वो रहे हर वक्त साथ मेरे,
चाहे सारी दुनियाँ मुझसे रूठ जाए ।
ऐसा ही किसी का दुलार चाहिए,
बस मुझे मेरा प्यार चाहिए ।
अगर एक बार मुझे मिल जाए,
तो उसे कहीं जाने नहीं दूँगी ।
वो ही खोया संसार चाहिए ।
बस मुझे मेरा प्यार चाहिए ।।

“शिक्षक”

“कोई फर्क नहीं पड़ता कि वर्षों में समाज में क्या बदलाव आए हैं, शिक्षक गर्व और महत्व का स्थान रखते हैं।”
एक शिक्षक एक मोमबत्ती की तरह है जो दूसरों को प्रकाश प्रदान करने के लिए खुद को जलाता है ।
तथ्य यह है कि शिक्षक मार्गदर्शक रेशनी है। जो हमारे जीवन को दिशा प्रदान करते हैं। शिक्षक उन मूल्यों को बढ़ावा देते हैं जो हमें अपने लक्ष्य तक पहुँचने में मदद करते हैं। वर्तमान परिदृश्य में, यह दिन अधिक महत्व रखता है क्योंकि यह हमें शिक्षक – शिष्य संबंधों के महत्व का एहसास कराता है जो कभी नहीं बदल सकता है इसलिए शिक्षक दिवस हमारे जीवन में उनके योगदान की सराहना करने का तरीका है।

‘वो सुनहरे स्कूल के दिन’

रोते-रोते आये यहाँ पर
यहाँ से रोते-रोते हीं जायेंगे,
अपने स्कूल की यादों को हम
कभी ना भूल पायेंगे,
वो सारे दोस्तों और टीचर्स के चेहरे
देखने को आंखें तरस जायेंगे,
टीचर का गुस्सा दोस्तों की सरारतें
बहुत हीं याद आयेंगे,
वो क्लास वो बैंच अपने अब
और किसी के हो जायेंगे,
जिसपर हक था अपना
थी मर्जी जिसको भी बैठायेंगे,
वो शरारतें वो मस्तिायें
याद बनकर रह जायेंगे,
जिन्हें देखकर टीचर बोलते
अब ये क्लास दुबारा ना आयेंगे,
सच बोलूं तो स्कूल में थे जब सोचते
छूटकारा कब पायेंगे,

जब छूटकारा मिला तब लगा
वो सुनहरे स्कूल के दिन वापस कब आयेंगे।

कुएं से कुई की ओर बढ़ती जल संस्कृति

‘बिन पानी सब सून’

सच है और ऐसा भयावह सच है जिसे जीने को हम सब मजबूर हैं। घरों में खाली पड़ी बाल्टियां, सूखते पौधे और बिखरी सी दिनचर्या। यह हाल हर उस घर का है जहां पानी की किल्लत जीवन का हिस्सा बन चुकी है और एक कड़वी सच्चाई। घंटों नहाना, कपड़े धोकर घर को घोबी घाट बना देना यह सब हमारे जीवन का अभिन्न अंग था और आज एक सपना हो गया है। मैं कुएं से कुई की ओर बढ़ती जल संस्कृति की बात इसलिए कर रही हूँ क्योंकि आज कमोवेश हर एक बड़े शहर का जलस्तर बहुत नीचे जा चुका है और इसका कारण यह है कि हमने धरती के जल का अंधाधुन उपयोग किया है और आज धरती हमें अंगूठा दिखाती लग रही है। आज 1000 फीट नीचे बोरिंग कराने के बाद भी पानी नहीं मिलता है।

जल संरक्षण की बात बहुत जोरों से चल रही है और चलनी भी चाहिए परंतु जल संरक्षण के साथ-साथ जल नियंत्रण पर भी हमें कड़े कानून बनाने की आवश्यकता है। लोग जबतक यह समझेंगे कि जरूरत के अनुसार जल का उपयोग और उपयोग के अनुसार जल का संरक्षण करना जरूरी है तब तक हम ऐसी ही समस्याओं से घिरे रहेंगे और हमारा जीवन कठिन से कठिनतर होता चला जाएगा। हमारी कोशिश यही होनी चाहिए कि हमारे आंगन के कुएं बचे रहे वह कुई में तब्दील न हो।

यहां मैं यह बताना आवश्यक समझती हूँ कि कुई राजस्थान में कुएं का छोटा रूप है जो सार्वजनिक प्रयोग के लिए खोदा जाता है। जिसके उपयोग पर लगाम लगी रहती है, 24 घंटे में कुछ बाल्टी पानी क्रमवार घरों में दी जाती है या लोग ले जाते हैं। ऐसी स्थिति हम न झेलें इसके लिए हमें अपने मनमाने तरीके से जीवन पर थोड़ा लगाम की आवश्यकता है। हद तक स्वार्थी हो चुके हमारे समाज का यह रूप हमें और भी डराने वाला है।

तो सही यही है कि हम अपने आंगन, अपनी गली, अपने गांव के कुएं को बचाकर रखें ताकि आने वाले दिनों में हमें कुई की संस्कृति को अपनाना न पड़े और हम अपनी आने वाली पीढ़ी को एक सुंदर और सजल भविष्य दे सकें।

क्रांति श्रीवास्तव

धर्म

मंदिर, मस्जिद, गुरुद्वारे ने बांटे दिए भगवान को धरती बांटी सागर बांटा मत बांटो संसार को

समाज बात करता है आधुनिकता की परंतु समाज की सोच आज भी पिछड़ी और संकुचित है। आज इंसान को नहीं पहचानता इंसान अपने आप से ही मुंह मोड़ बैठा है। इस जग के मतलबी होने का सबसे बड़ा कारण है...धर्म, जात, जातिवाद मनुष्य के कण-कण में आज राज करता है। मनुष्य कितना भी आधुनिक क्यों ना हो जाए, परंतु जो धर्म के खिलाफ हमारे पूर्वज हमारी मानसिकता बना कर गए, हम आज भी उसे ही मानते आ रहे हैं। धर्म ने आज इंसान को कहीं का नहीं छोड़ा ना मनुष्य प्रेम समझता है, ना कर्तव्य। आज हर क्षेत्र में जातिवाद है। कोई प्रेम और भाईचारे का महत्व समझता ही नहीं है। आज समाज में प्रश्न अनेक है परंतु उत्तर देने वाला कोई नहीं है।

प्रश्न है...क्या एक माता अपने संतान से उसका जात पूछ कर उस पर अपना वात्सल्य लुटाती है, क्या मनुष्य के प्राण यमराज उसे उसका धर्म पूछकर हरते हैं, क्या चोर ऊंचे कुल का हो तो वह सही और यदि सत्यवादी नीच कुल को हो तो गलत। जो अनाज हिंदू उगाता है क्या वह अन्य धर्म के लोग नहीं खाते? यदि हां तो हिंदू मुस्लिम का संबंध धर्म के विरुद्ध क्यों? प्रश्न अनेक है परंतु उत्तर एक भी नहीं। कोई इनका हल निकाले भी तो कैसे? हमारे अंदर इतनी कटुता है कि हम इंसानियत समझने के भी लायक नहीं। जात धर्म सब इंसानों की रचना है क्योंकि ईश्वर ने तो केवल मनुष्य को बनाया था। हिन्दू या इसाई नहीं, पर हम अपनी मानसिकता अपने अनुसार बनाते चले आए हैं। हमने हिन्दू समाज का भी विभाजन कर उसे कई कुलों में बांट दिया है और भारत का नियम तो यही कहता है कि जितने राज्य उतने तरह के लोग और उनके धर्म। सब अपने धर्म की श्रेष्ठता सिद्ध करने में लगे रहते हैं।

आज एक बड़ी व्यंग्यपूर्ण पंक्तियां याद आती हैं...

हिन्दू, मुस्लिम, सिख, ईसाई सब आपस में भाई-भाई

हाँ यह व्यंग्यपूर्ण ही तो है। इसका सच्चा अर्थ किसी ने नहीं समझा यदि समझते तो बात-बात पर उठने वाली जातिवाद की समस्या शायद तब ही उत्पन्न नहीं होती। अनेकता में एकता और एक बड़ा झूठ है। कहाँ है आज वह एकता? कोई एकजुट होकर मिलकर रहना नहीं चाहता। कोई किसी की भावनाओं को समझना नहीं चाहता। सोचने और समझने की बात है, क्या इंसान इसी तरह अपने धर्म से पहचाना जाएगा और अपने कर्म से नहीं?

तब मानो भारत देश में शामत सी थी आई,
भारत के वीरों ने तब तलवारे उठाई,
हुए शहीद देश के लिए आजादी हमें दिलाई
तभी तो भारत देश में आज फैली है खुशहाली
हमें नाज है उन वीरों पर जिन्होंने अपने प्राणों की बलि

खुशनसीब बच्चों के नाम

मेरे प्यारे दोस्तों,

हम एक ऐसे देश के निवासी हैं, जहाँ सारे वादों के बावजूद अब तक शिक्षा हासिल करना एक चुनौती है। जहाँ कितने ही लड़के-लड़कियाँ हर साल स्कूल तथा कॉलेज छोड़ने पर मजबूर होते हैं क्योंकि उनके माता-पिता यह खर्च उठा पाने में अक्षम होते हैं। जहाँ बच्चे कपड़े ही नहीं, किताबें देखकर भी तरसते हैं। आप किस्मत वाले हैं, उन दो चार फीसद युवाओं में से हैं, जिन्हें अच्छे स्कूल व कॉलेज मिलते हैं और अपने सपनों को पूरा करने का मौका मिलता है। मेरी बधाई लीजिए। लेकिन मेरे दोस्तों, जब हमें विशेषाधिकार प्राप्त होते हैं तो हमारे सिर पर एक जिम्मेदारी भी होती है। एक तरफ हमारे निजी सपने होते हैं तो दूसरी तरफ समाज के सामूहिक सपने। आप खूब पढ़िए और कभी अपने संविधान के पन्ने भी पलटने का प्रयास करें। आप खूब मेहनत कीजिए और कभी अकेले या दोस्तों के बीच यह भी सोचिये कि हमारे देश को लेकर इसके संस्थापकों का सपना क्या था? आप खूब सफल होइए और अपनी सफलता के साथ यह भी सोचिए कि एक ही समाज के रूप में हमारी सफलता क्या होगी?

विजय का भाव

चौपड़ के खेल में एक कहावत हमेंशा कही जाती है – जरूरी नहीं है कि अच्छे पैसे आपके पास हो, बस जो है उनका सही प्रयोग करना आपको आना चाहिए। जीवन के लिए भी यही सत्य है। आप विकट से विकट हालात से उभर सकते हैं, बस आपको अपने बाजुओं और पैरों पर भरोसा और उनका सही प्रयोग करना चाहिए। हर व्यवहार में विजय भाव रखिए। ऐसा हो गया तो सही मायने में आप चक्रवर्ती हैं। बल्कि व्यवहार में विजय भाव रखने का मतलब अहम नहीं है, अहम यह है कि आप जो करें वह सर्वोत्तम तरीके से करें। भले ही साधन सीमित हो पर आप अपने काम के प्रति समर्पित रहें और उसे पूरे मनोयोग से करें। साधन का रोना अक्सर वही रोते हैं, जो साधनों के प्रति लापरवाह होते हैं। वह किसी चीज को तोड़ने के लिए औजारों का रोना रोते हैं जबकि उनके आस-पास पत्थर बिखरे होते हैं। वे चाहते हैं कि कुछ बनाए पर कहते हैं कि मेरे पास घास के सिवा कुछ नहीं जबकि बया चिड़िया इन्हीं के सहारे अपने सपनों का घर बना लेती हैं। अतः पूर्ण मनोरथ से किसी कार्य को कर्मयोगी होकर किया जाए तो विजय का भाव स्वयं उत्पन्न होता है। अंततः हमें विजय की प्राप्ति होती है।

प्रकृति

सुंदर वातावरण, अच्छा पर्यावरण
तो करो वृक्ष का रोपण
वृक्ष लगाना तो अच्छा कर्म है,
छाया देना उसका धर्म है।
परिवेश स्वच्छ रहे हमेशा,
तन, मन, धन से करें हम सेवा।
प्रकृति जब क्रोध में आती,
सबकी जान पल में लेती,
ताकत इसकी कभी ना तोलो,
अपनी चमन में विष ना घोलो।
मानव ही है प्रकृति का रक्षक,
मत बनो तुम इसके भक्षक।
आत्मनिर्भर बनना है हमको,
मीठी वाणी से अपनाओ सबको।
देशभर ऐसा नारा लगाओ,
पेड़ लगाओ, प्रकृति बचाओ।
आओ मिलकर सब गाये हम,
भुल जाए दुनिया से सारे गम॥

समय

समय तो चलता जाता है
समय कभी आता नहीं है॥
समय तो बड़ा ही अनमोल रे
समय से हमें मिलती जीत रे॥

समय बड़ा ही बलवान है रे
यह तो कभी भी रुकता नहीं रे॥
पथ में बाधाएं आती जाती रे
मंजिल तक तो जाना ही होगा रे॥
चलते-चलते थक जाना नहीं रे
परेशानी उठाके आगे बढ़ना रे॥
एक दिन हमारी जीत होगी रे

अनमोल रिश्ता

खुश होते जब देवी-देवता
घर में आगमन होता बेटी का
दिन, महीने, साल गुजरता जाता
कैसे कटे वक्त पता ना चलता
फिर एक दिन ऐसा आता
अपना ही घर अपना ना होता
पापा का प्यार, मां की ममता
सब छोड़कर जाना ही पड़ता
ऐसा ही है नियम संसार का
बेटियां तो है धन पराया
हमेशा दुआएं देते रहना
हरजगह बेटी का मान रखना
बेटी ही पराए को बनाती अपना
रिश्ता का नाम देती है बेटियां
बेटी ना होती तो रिश्ता ना बनता
इनके बिना संसार ही ना चलता
सम्मान करें सब मां, बेटी, बहन का
जीवन जरूर सफल बन जाएगा।

राम : तुमने इतने छोटे-छोटे बाल क्यों करवाए?

श्याम : नाई के पास तीन रुपये खुल्ले नहीं थे, तो मैंने बोला तीन रुपये के और काट दो।

भिखारी : कुछ खाने को दे दो।

राम : टमाटर खाओ।

भिखारी : लाओ टमाटर ही दे दो।

राम की मम्मी : ये तोतला है, कह रहा है, कमाकर खाओ।

एक बच्चे ने गणेश जी से कहा की, 'हे भगवान् ! मुझे साइकिल दिला दीजिये।'

गणेश जी ने कहा, 'अरे बेवकूफ ! मैं खुद चूहे पर बैठता हूँ, तो तुम्हें साइकिल कहाँ से दिलाऊँ।'

लगता है, मच्छरों ने गुरु मान लिया है, सबसे ज्यादा पैरों में लिपट रहे हैं।

चाणक्य नीतिः

कश्चित्कस्यचिन्मित्रं, न कश्चित्कस्यचित्रिपुरु । अर्थतस्तु निबध्यन्ते, मित्राणिरिपवस्तथा ॥

तय

भावार्थः

न कोई किसी का मित्र है और नहीं शत्रु, कार्य वश ही लोग मित्र और शत्रु बनते हैं ।

मूर्ख शिष्यो पदेशेन दुष्टास्त्री भरणे नच । दुःखितैः सम्प्रयोगेण पण्डितोः प्यवसीदति ॥

भावार्थः

मूर्ख शिष्य को पढ़ाने पर, दुष्ट स्त्री के साथ जीवन बिताने पर तथा दुःखियों—रोगियों के बीच में रहने पर विद्वान व्यक्ति भी दुःखी हो ही जाता है ।

दुष्टाभार्याशठमित्रं भृत्यश्चोत्तरदायकः । ससर्पे गृहे वा सोमृत्युरेव न संशयः ॥

भावार्थः

दुष्ट पत्नी, इष्ट मित्र, उत्तर देने वाला सेवक तथा सांप वाले घर में रहना, ये मृत्यु के कारण हैं इसमें सन्देह नहीं करनी चाहिए ।

धनिकः श्रोत्रियो राजान दीवैद्यस्तु पञ्चमः । पञ्चयत्रन विद्यन्ते न तत्र दिवसेवसेत ॥

भावार्थः

जहाँ कोई सेठ, वेदपाठी विद्वान, राजा और वैद्य न हो, जहाँ कोई नदी न हो, इन पांच स्थानों पर एक दिन भी नहीं रहना चाहिए ।

जानीया त्रेषणे भृत्यान् बान्धवान् व्यसनाऽऽगमे । मित्राणां पत्तिकालेषु भार्या च विभवेक्षये ॥

भावार्थः

किसी महत्वपूर्ण कार्य पर भेजते समय सेवक की पहचान होती है । दुःख के समय में बन्धु — बान्धवों की, विपत्ति के समय मित्र की तथा धन नष्ट हो जाने पर पत्नी की परीक्षा होती है ।

यस्मिन् देशे न सम्मानो न वृत्तिर्न च बान्धवाः । न च विद्यागमोऽप्यस्ति वासस्तत्र न कारयेत् ॥

भावार्थः

जिस देश में सम्मान न हो, जहाँ कोई आजीविका न मिले, जहाँ अपना कोई भाई—बन्धु न रहता हो और जहाँ विद्या—अध्ययन सम्भव न हो, ऐसे स्थान पर नहीं रहना चाहिए ।

मातायस्य गृहे नास्ति भार्या चाप्रियवादिनी । अरण्यं तेन गन्तव्यं यथारण्यं तथा गृहम् ॥

भावार्थः

जिसके घर में न माता हो और न स्त्री प्रिय वादिनी हो, उसे वन में चले जाना चाहिए क्योंकि उसके लिए घर और वन दोनों समान ही हैं ।
