GGPS team is committed to take care of your emotional as well as academic quotients in its realistic perspective far from show off or the extra-terrestrial vision which cannot be realized in a classroom.

**Instructions :**

1. You should visit the school website regularly for any update and information.
2. You should download Zoom App in your mobile /laptop/desktop which is very user friendly for both the teachers and the students.
3. You should join the Class/Meeting with the Id and password shared by the teacher in your Class WhatsApp Group which will be created and administered by your Class Teacher.
4. Your help desk will be your CT and XI coordinator who will always coordinate with you to make you settle down in a new environment of +2 level of learning.
5. Most importantly let us agree that +2 level classes are almost like Colleges where big brand of any school does not work. What works is the knowledge, experience and power of delivery of subject contents of its faculty.
