-----x-----

Winter holiday assignment

Class: Three

Subject: Computer

1. Open wordpad and type the passage given below:

Computers are man made devices. They are very accurate and can do jobs very quickly if compared with humans. Computers used to be very big and heavy in the old days. They also took up a lot of space. Computer scientists have developed small computer chips to make computers smaller and thinner. They made memories with larger capacity and storage.

New computers are small, compact, mobile and very light. For example, tablets, iPads and smart phones. People are afraid that the computers will replace people in the future.

----->Save the document with the name 'Computers'.

----->Find word 'Computers' from the entire document and replace all its occurrence with the word Robots'.

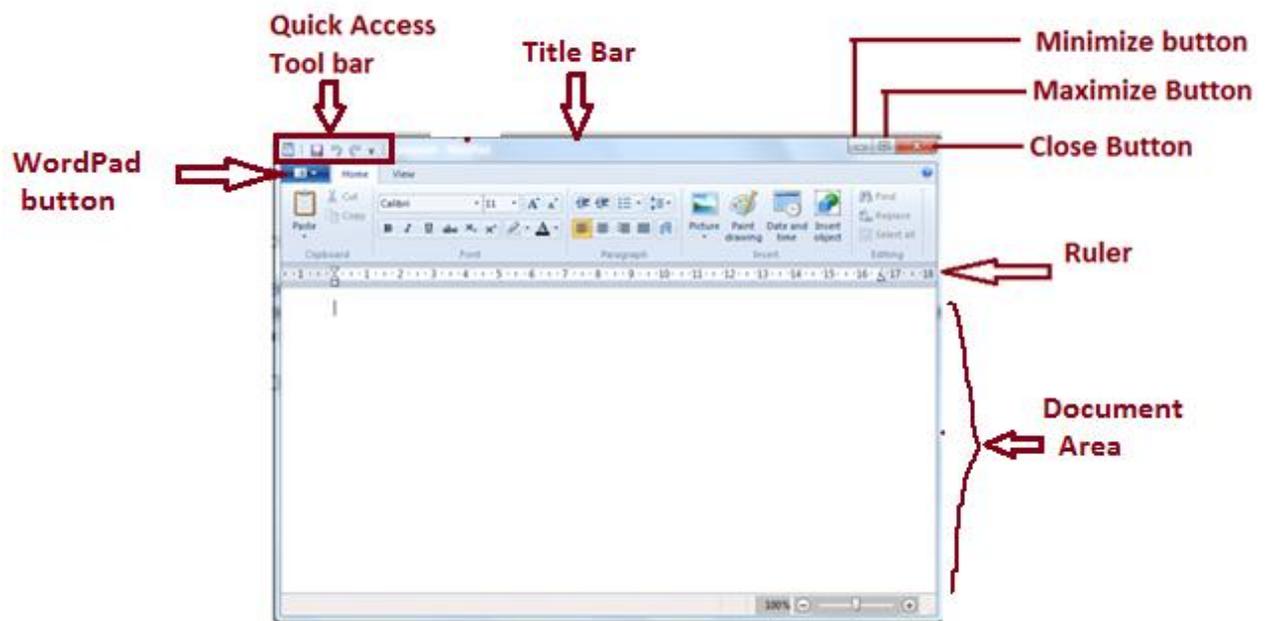

----->Change the colour and style of each line .

----->Take a print out of your document.

2. Learn question/ answers of lesson 5 and lesson 6.

3. Learn all shortcut key combinations given in Lesson 5 and lesson 6.

4. Draw given diagram in your computer notebook and label it.
